Bootstrap

Maven

Gradle

Spring/Microservices

Jenkins

Docker

Kubernetes

Amazon Web Services

Google Cloud Platform

Spring AI

Prompt Engineering

RAG

LangChain

LangGraph

- Responsible for design, build, testing & support of the function in partnership with product managers.
- Drove adoption of modern engineering practices, improving time to market for business changes by over 60%.

Senior Software Engineer

Syntel

09/2010 - 12/2011

Senior Software Engineer role focused on backend development

- Developed backend applications using Java, Wicket & Oracle, and provided systems support.
- Handled systems support, enhancements & defect fixes.

Software Engineer

Infosys

11/2006 - 04/2010

Software Engineer role focused on software development

- Developed backend applications using Java, Struts & Oracle

EDUCATION

Engineering in Information Technology

Mumbai University

09/2002 - 06/2006

Bachelors of Engineering in Information Technology

CERTIFICATES

AWS Certified AI Practitioner

12/2024 - 12/2027

Expertise in applying generative AI and machine learning services on AWS.

AWS Certified Solutions Architect - Associate

11/2024 - 11/2027

Expertise in designing and deploying scalable, secure, and cost-efficient cloud solutions on AWS.

AWS Certified Cloud Practitioner

09/2024 - 11/2027

Demonstrated foundational knowledge of AWS cloud concepts, services, security, and cost optimization.
